

# 2026 MODERATOR REPORT

It has again been a privilege to serve on the CCMBC Executive Board during this past year. The board has continued to lean into understanding and developing our Collaborative Governance model. Part of this process included the development of the Collective Impact (CI) Strategy that was approved at our June, 2025 AGM. This one-page summary of the key elements of our much larger Collaborative Unified Strategy Plan (CUSP) has better helped us as we move forward in making decisions in this collaborative environment. The Member Organization Agreement (MOA) that was passed at June AGM have been approved and signed by all our Provinces and Agencies. There is still some follow up work to do with Addendums for our Seminary and Multiply. The MOA has helped our Provinces and Agencies understand our collective commitment in working together and we have enjoyed engaging conversations at the board table as we bring this into reality.

It is a great blessing to work with Cam Stuart, our Executive Director. Cam continues to bring much energy and understanding to his role as he meets with the National Ministry Team (Provincial Directors, NFLT Director, MB Seminary President, Multiply Director, and Legacy CEO) and they explore ways we can take on National projects and activities together that move our vision/mission forward. Our Collaborative Model is based on highly effective relationships and Cam is modeling this well, helping to reveal the opportunities that God is giving to help cultivate healthy disciple-making churches. We are also grateful for the National Faith and Life team headed by Ken Esau (along with Faith & Life Directors from the provinces) and the great amount of work they are doing helping us explore our theological understanding, bringing insights and clarity into our faith commitment. The 2025 Equip conference in Winnipeg was a great gathering of spiritual challenge and conversation that was very uplifting. We also acknowledge and appreciate the great work that Cam's team is doing and are thankful for the commitment they bring each day.

This year our board will be changing as several members will be ending their term. I have greatly appreciated the engagement and dedication of each of our board members in preparing for meetings and bringing conversation to the table. It has been an environment where our voices were heard, and dialogue occurred and I am grateful for that. Thanks to Sam Reimer, Bonita Eby, Rob Dyck and Tom Enns for your work as Members at Large taking on multiple roles as you served well. Thanks to John Neufeld who has served so well as representative for MB Seminary. Thanks to our provincial moderators/ reps who are critical to our process of discussion and decision making.

Thank you to each of our board members who are continuing and to the new board members that join. I look forward to serving Christ together in this coming year!
